Greetings:

I am pleased to announce that San Angelo Christian Academy has been approved for accreditation by the National Christian School Association immediately. The action is based on the recommendation of Commissioner Eddie Lee and the approval of the full Board of Commissioners at the July 6, 2010 meeting in Searcy, AR.

Accreditation is an important milestone in the history of your school and represents the highest honor that the NCSA can bestow on a school. NCSA accreditation is also recognized by the State of Texas through our membership in Texas Private School Accreditation Commission (TEPSAC).

Your school will be honored at our Thursday evening banquet during our annual conference in San Antonio next March. You will soon be getting specific details about the conference. I hope that you can make an effort to get many of your board and staff to attend so that we can celebrate this school-wide achievement with you.

As an accredited school, you will need to fill out a School Improvement Plan and file an annual report of your school's progress towards your Plan. You will also host a visiting team to your campus at the five year point of your 10-year term of accreditation. The NCSA Manual of Accreditation will tell you more about those obligations.

Again, thank you for your interest in the National Christian School Association's accreditation program. We look forward to working with you to improve your school.

Sincerely,

Philip Patterson
Director of Accreditation
